REPORTABLE EVENTS

SCOPE:

Applies to all Envision Medical Group (“EMG”) teammates. For purposes of this policy, all references to “teammate” or “teammates” include temporary, part-time and full-time employees, independent contractors, clinicians, officers and directors.

PURPOSE:

Envision Healthcare and its subsidiaries and affiliates (“Envision” or “the Company”) has adopted this Reportable Events policy to outline obligations for reporting Reportable Events.

POLICY:

All teammates are required to abide by the reporting requirements in accordance with the Code of Business Conduct and Ethics, *Vital Signs*, and Policy 3: Reporting Potential Issues or Areas of Non-Compliance. In addition to these requirements, teammates are required to report all suspected Reportable Events outlined below.

A Reportable Event is defined as any event involving:

- a substantial Overpayment;
- a matter that is reasonably considered a probable violation of criminal, civil, or administrative laws applicable to any Federal health care program for which penalties or exclusion may be authorized;
- the employment of or contracting with a Covered Person who is an Ineligible Person; or
- the filing of a bankruptcy petition by the Company.

A Reportable Event may be the result of an isolated event or a series of occurrences.

Duty to Report

Teammates are expected to report any suspected Reportable Event to their supervisor, manager, or a member of the Ethics & Compliance Department. Any manager, supervisor, or other teammate who receives notification of a potential or confirmed Reportable Event will contact a member of the Ethics & Compliance Department. Upon receipt of the suspected Reportable Event, the Ethics & Compliance Department will immediately begin a detailed investigation.

If, after a reasonable opportunity to conduct an appropriate review or investigation of the allegations, the Company determines that a Reportable Event exists, the Company will notify the OIG in writing within thirty (30) days of making said determination.

Teammates who are aware of potential Reportable Events and fail to report the violations to the Company may be subject to discipline.

Substantial Overpayments

An Overpayment is the amount of money the Company has received in excess of the amount due and payable under any Federal health care program requirements. A substantial Overpayment is a Reportable Event. Notification to the OIG will include:

- the period during which the conduct occurred;
- the names of entities and individuals believed to be implicated, including an explanation of their roles in the Reportable Event;
- the affected Federal health care programs;
- a description of the steps taken by the Company to identify and quantify the Overpayment; and
- a description of the Company’s actions taken to correct the Reportable Event and prevent it from recurring.

Within sixty (60) days of identifying a Substantial Overpayment, the Company will repay the Overpayment to the payor. Additionally, the Company will provide the OIG with a copy of the notification and quantified repayment to the payor. Notification and repayment to the payor will be done in accordance with the payor’s policies.
