NON-RETALIATION

SCOPE

Applies to all Envision clinicians and teammates. For purposes of this policy, all references to “clinician” or “teammate” include temporary, part-time and full-time employees, independent contractors, officers and directors.

PURPOSE

Envision Healthcare Operating, Inc. and its subsidiaries and affiliates (“Envision” or “the Company”) has adopted this Non-Retaliation Policy to reinforce its commitment to prevent and protect clinicians and teammates from retaliation for reporting, in good faith, suspected wrongdoings and/or for assisting in an investigation.

POLICY AND PROCEDURE

Introduction

As outlined in Envision’s Code of Business Conduct and Ethics, it is Company policy to foster an environment of open communication so that all clinicians and teammates understand their obligations to report compliance concerns and understand that the Company will not tolerate retaliation against those who do so. In addition, reported concerns will be maintained confidentially, to the extent it is possible to do so.

“Getting even” behavior is not tolerated, and all reported allegations of retaliation are fully investigated by the Ethics & Compliance Department with the assistance of other departments, as appropriate. All supervisors are responsible for enforcing this policy. Individuals who violate this policy will be subject to the appropriate and applicable disciplinary process, up to and including termination or dismissal.

Investigation of Retaliation Claims

Clinicians or teammates who believe they have been retaliated against for reporting, in good faith, suspected wrongdoings and/or assisting with an investigation, should report the issue by contacting the Company’s Ethics and Integrity Compliance Helpline at 877-835-5267, completing the online Compliance Form (see link at www.envisionhealth.com/compliance) or by calling the Ethics & Compliance Department directly at 615-787-2160. It is important to file the report of retaliation as

soon as possible after the occurrence as a delay can impact the effectiveness of the investigation.

After a report of retaliation has been received, the Ethics & Compliance Department will begin an investigation. The investigation involves interviewing all appropriate individuals and reviewing relevant documentation to determine the validity of the report of retaliation. Corrective action may be warranted pending the outcome of the investigation.

POLICY REVIEW

The Ethics & Compliance Department will review and update this Policy, when necessary, in the normal course of its review of the Company's Ethics & Compliance Program.
